Easy Link

ES

Diseña, configura y pide Easy Link en pocos pasos. Easy Link nace para resolver una necesidad muy concreta: crear soluciones de iluminación versátiles en espacios donde la instalación eléctrica es limitada o no está situada donde nos gustaría. Su enfoque modular permite desarrollar composiciones únicas combinando bases de conexión, perfiles, curvas, accesorios y luminarias, adaptándose a cada proyecto con total libertad.

Para que ese proceso sea todavía más sencillo, presentamos el **Configurador Easy Link**: una herramienta pensada para proyectar de forma ágil, visualizar la composición y definir con precisión todos los componentes necesarios. El configurador guía la elección de bases, longitudes de perfil, curvas y accesorios, ayudando a construir el sistema paso a paso y asegurando que cada solución sea completa, coherente y fácil de instalar. Con el configurador, pasar de la idea al pedido es más rápido y seguro: tendrás una propuesta clara y una selección completa de referencias para presupuestar y solicitar el sistema con confianza, reduciendo dudas, tiempos y posibles errores. Disponemos de un dossier donde podrás encontrar mucha más información sobre nuestro sistema modular. Pregúntanos por él!

FR

Concevez, configurez et commandez Easy Link en quelques étapes. Easy Link est né pour répondre à un besoin très concret : créer des solutions d'éclairage polyvalentes dans des espaces où l'installation électrique est limitée ou n'est pas située là où nous le souhaiterions. Son approche modulaire permet de développer des compositions uniques en combinant bases de connexion, profils, courbes, accessoires et luminaires, en s'adaptant à chaque projet en toute liberté.

Pour rendre ce processus encore plus simple, nous présentons le **Configurateur Easy Link** : un outil pensé pour concevoir rapidement, visualiser la composition et définir avec précision tous les composants nécessaires. Le configurateur guide le choix des bases, des longueurs de profils, des courbes et des accessoires, aidant à construire le système étape par étape et garantissant que chaque solution soit complète, cohérente et facile à installer. Avec le configurateur, passer de l'idée à la commande est plus rapide et plus sûr : vous disposerez d'une proposition claire et d'une sélection complète de références pour chiffrer et commander le système en toute confiance, en réduisant les doutes, les délais et les erreurs potentielles. Nous disposons d'un dossier dans lequel vous trouverez beaucoup plus d'informations sur notre système modulaire. Demandez-le-nous !

DE

Easy Link in wenigen Schritten entwerfen, konfigurieren und bestellen. Easy Link wurde entwickelt, um ein ganz konkretes Bedürfnis zu lösen: vielseitige Beleuchtungslösungen in Bereichen zu realisieren, in denen die Elektroinstallation begrenzt ist oder sich nicht dort befindet, wo wir sie gerne hätten. Dank seines modularen Ansatzes lassen sich einzigartige Kompositionen erstellen, indem Anschlussbasen, Profile, Kurven, Zubehör und Leuchten kombiniert werden – mit maximaler Freiheit für jedes Projekt.

Um diesen Prozess noch einfacher zu machen, präsentieren wir den **Easy Link Konfigurator**: ein Tool, das für eine schnelle Planung, die Visualisierung der Komposition und die präzise Definition aller benötigten Komponenten entwickelt wurde. Der Konfigurator führt durch die Auswahl von Basen, Profillängen, Kurven und Zubehör, hilft dabei, das System Schritt für Schritt aufzubauen, und stellt sicher, dass jede Lösung vollständig, stimmig und einfach zu installieren ist. Mit dem Konfigurator wird der Weg von der Idee zur Bestellung schneller und sicherer: Sie erhalten einen klaren Vorschlag sowie eine vollständige Auswahl an Referenzen, um das System zuverlässig zu kalkulieren und zu bestellen – und reduzieren dabei Rückfragen, Zeitaufwand und mögliche Fehler. Wir haben ein Dossier, in dem Sie viele weitere Informationen zu unserem modularen System finden. Fragen Sie uns danach!

EN

Design, configure and order Easy Link in just a few steps. Easy Link was created to meet a very specific need: to develop versatile lighting solutions in spaces where the electrical installation is limited or not located where we would like it to be. Its modular approach allows you to create unique compositions by combining connection bases, profiles, curves, accessories and luminaires, adapting to each project with complete freedom.

To make this process even easier, we present the **Easy Link Configurator**: a tool designed for fast planning, visualizing the composition and precisely defining all the components required. The configurator guides you in selecting bases, profile lengths, curves and accessories, helping you build the system step by step and ensuring each solution is complete, coherent and easy to install. With the configurator, moving from idea to order is faster and safer: you'll have a clear proposal and a complete selection of references to quote and request the system with confidence, reducing doubts, lead times and potential errors. We have a dossier where you can find much more information about our modular system. Ask us for it!

IT

Progetta, configura e ordina Easy Link in pochi passaggi. Easy Link nasce per rispondere a un'esigenza molto concreta: creare soluzioni di illuminazione versatili in spazi in cui l'impianto elettrico è limitato o non si trova dove vorremmo. Il suo approccio modulare permette di realizzare composizioni uniche combinando basi di connessione, profili, curve, accessori e apparecchi di illuminazione, adattandosi a ogni progetto con totale libertà.

Per rendere questo processo ancora più semplice, presentiamo il **Configuratore Easy Link**: uno strumento pensato per progettare in modo rapido, visualizzare la composizione e definire con precisione tutti i componenti necessari. Il configuratore guida nella scelta delle basi, delle lunghezze dei profili, delle curve e degli accessori, aiutando a costruire il sistema passo dopo passo e assicurando che ogni soluzione sia completa, coerente e facile da installare. Con il configuratore, passare dall'idea all'ordine è più rapido e sicuro: avrai una proposta chiara e una selezione completa di codici/articoli per preventivare e richiedere il sistema con fiducia, riducendo dubbi, tempi e possibili errori. Disponiamo di un dossier dove potrai trovare molte più informazioni sul nostro sistema modulare. Chiedicelo!

EASY LINK SYSTEM

EASY LINK SYSTEM

Imagine, create and illuminate.

Every project starts with an idea.
Todo proyecto empieza con una idea.

EASY LINK SYSTEM

The idea takes shape in a sketch, defining the layout, light points and composition.
La idea toma forma en un boceto, definiendo recorridos, puntos de luz y composición.

Easy Link transforms the design into a real structure, specifying the exact components, luminaires and configuration.
Easy Link convierte el diseño en una estructura real, indicando piezas, luminarias y configuración exacta.

From concept to installation: the solution comes to life, seamlessly integrated into the final project.
Del concepto a la instalación: la solución cobra vida integrada en el proyecto final.
